**NOTICE OF PUBLIC COMMENT PERIOD AND OPPORTUNITY
FOR A PUBLIC HEARING REGARDING AN APPLICATION FOR A
TIER II PERMIT TO OPERATE AN AIR POLLUTION-EMITTING SOURCE**

SUBJECT: Application No. T2-0500021 for a Tier II permit to operate an air pollution-emitting source and proposed action: The Amalgamated Sugar Company (TASCO), Nampa manufactures Beet sugar. They are applying for a permit revision to replace their existing operating permit No. 027-00010 and to remove the operating and monitoring requirements for the PM₁₀ high volume sampler, and incorporate the correct process weight limitation for equipment used to dehydrate sugar beet pulp. Emissions will not increase as a result of this permit revision.

PURPOSE: The Department of Environmental Quality (DEQ) has scheduled a period to receive public comments under Docket No. 10AP-0524 concerning the air quality aspects of the project application and the proposed action.

AUTHORITY: In compliance with Section 404, Rules For The Control of Air Pollution in Idaho, notice is hereby given that TASCO, Nampa, Idaho, has applied to the DEQ for a Tier II permit to operate an air pollution-emitting source located at 138 W Karcher Road, Nampa, Idaho. Notice is also given that a period for public comment has been scheduled along with an opportunity for a public hearing. These actions are authorized pursuant to Sections 39-105(3)(a), 39-105(3)(j), 39-110, 39-115(1), Idaho Code.

PUBLIC HEARING: Opportunity for a public hearing for interested persons to appear and submit written or oral comments may be provided if written requests are submitted to the undersigned on or before January 20, 2006. Hearing requests should include a brief statement explaining why a public hearing on the air quality aspects of the project would be beneficial.

The selected meeting site will be accessible to the physically disabled. Interpreters can be provided upon five days notice for persons with hearing impairments. For arrangements, contact the undersigned at (208) 373-0234. Braille or taped transcripts can be provided after the meeting for persons with visual impairments.

PROPOSED ACTION: The DEQ has reviewed the application and completed a preliminary analysis of the information submitted by the applicant. The DEQ has tentatively determined that operation according to the proposed Tier II permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation.

Based on this analysis, the DEQ proposes to issue a Tier II operating permit to TASCO, Nampa.

AVAILABILITY OF MATERIALS: A package containing the information submitted by the applicant, DEQ's analysis, and draft action will be available for public review at the following locations:

DEQ State Office
1410 N. Hilton
Boise, Idaho

DEQ Regional Office
1445 N Orchard
Boise, Idaho
